### The 100's

**102 - Mrs. Dominguez** - ¡Bienvenidos a la noche de Casa Abierta! Welcome to Open House, come by room 102 to see the posters and other projects students have created through out the school year.

**103 - Ms. Nitta & Ms. Downey** - 8<sup>th</sup> Grade Physical Science - Come take a peek at the planet projects. They are out of this world! Feast your eyes on our functioning edible cars. Enjoy some familiar faces in our slide show. Download the Aurasma app. and follow our channel to participate in our interactive projects.

**105 - Mr. Condie** - Welcome to the magnificent world of biology. View student work and specimens used for the classification unit.

**106 - Ms. Wong** - Welcome to the magnificent world of biology. View student work and specimens used for the classification unit.

**107 - Ms. Roberts** - Come check out the amazing work; class projects, student writing & a classroom slide-show.

**108 - Mrs. Drake** - Learning to be a strong writer is a complex process. Studying the writing traits: ideas, organization, word choice, fluency, conventions, voice and presentation helps students understand what is working and what needs improvement. Stop by Mrs. Drake's room to see 7<sup>th</sup> grade English writing assignments on display.

**109 - Mr. Jamieson** - Mr. Jamieson's jazz band will be performing out on the lunch court. Mr. Jamieson's choirs will be performing in the library courtyard.

**110 - Ms. Brown** - See examples of a Math 8 Common Core Project and an Algebra Common Core Performance Task.

**111 - Mrs. Zumberge** - See examples of student work produced by the students in Mrs. Zumberge's classes.

**112 - Mrs. Fong** - Come see Mrs. Fong's 7<sup>th</sup> Grade Social Studies class where art, literature and projects from the Medieval Times will be on display.

**113 - Mrs. Macedo** - Stop by the art room to see a variety of 2-Dimensional and 3-Dimensional artwork by 6<sup>th</sup>, 7<sup>th</sup>, and 8<sup>th</sup> grade art students.

### The 200's

**201 - Ms. Jones** - See projects created by Ms. Jones' 6<sup>th</sup> & 7<sup>th</sup> grade English and Study Skills classes. You'll also have fun reading our figurative language, poetry and book projects. Please vote for your favorite 'photo quotes'. We have dozens of photographs captioned by our hard working students.

**202 - Ms. Hang** - Come see Ms. Hang's 7<sup>th</sup> grade (Pre-Algebra) and 8<sup>th</sup> grade (Algebra) Math Class. Various student work will be displayed ranging from homework, class notes, entrance/exit slips, performance tasks and projects.

**203 - Mr. Miller** - See the writing on the wall (literally) as well as the writing in their portfolios and online (visit their [turnitin.com](http://turnitin.com) account).

**204 - Mrs. Brunner** - Come visit Mrs. Brunner's room to admire and enjoy the many English and Social Studies projects her outstanding 6<sup>th</sup> graders have created!

**205 - Mr. Fitzgibbons** - Come by Mr. Fitzgibbons' 6<sup>th</sup> grade Math and Science class. A variety of student created Math and Science projects will be on display. You can roll up your sleeves and perform several of the hands-on science activities we have done this year.

**207 - Mr. Olson** - Challenge your geometric thinking by playing the Volume Game and seeing the creative ways that our teams found mathematical objects in the real world. All are welcome!

**208 - Mr. Stopford** - Come see Mr. Stopford's 7<sup>th</sup> Grade Social Studies class. Parents can browse student work via the student Chromebook Google Drive. Watch the 7<sup>th</sup> grade slide show and 7<sup>th</sup> grade movie clips. Also, student projects will be on display for parents to view.

### *The 300's*

**301 - Mrs. Oh** - Come and see our awesome work on environmental issues, "A World in a Bottle", and math projects!

**303 - Mr. Dahlstein** - See weather disaster and environmental reports, student recipes using proportions, and math mastery of standards through comics. Are you a survivor? Take our environmental challenge.

**304 - Mrs. Dahlstein** - Bon Appetite. Check out our math proportions that converted our student's favorite recipes to feed a classroom, 3-D Polyhedrons with surface area and volume, student's timelines using positive and negative integers, and get acquainted with today's Environmental Issues.

**305 - Mr. Chacon** - Come see the work students have achieved as they embark on their way to achieving mastery of the English language. You will see examples of their writing on the walls, as well as preview the English elements they have studied during the year.

**307 - Mrs. Negroe** - Welcome to Mrs. Negroe's 6<sup>th</sup> grade English and Social Studies class where wonderful displays of student work await you! Come see Dragon Help-Wanted Posters, Acrostic Poetry, Comic Strip Book Reports, 3-D Dioramas, student-generated art in our Egyptology Museum, and much more!

**308 - Mrs. Moffat** - Come celebrate the hard work and achievements of Mrs. Moffat's 6<sup>th</sup> Grade English and Social Studies classes!

**309 - Mrs. Doan** - The adventure of Mrs. Doan's 6<sup>th</sup> Grade English and social studies classes will be on will be display. Come and celebrate all our hard work!

**306 - Mrs. Thor/Mr. Yano** - Come and see our scale drawings and a variety of math projects. Welcome to Yano Sensei's Japanese class to see students' work, and also picture slides of class activities.

**300 - Mrs. Wadsworth** - Ms. Wadsworth, our HMS Speech-Language Pathologist and Rotary Interact Club Advisor, resides in HMS 300. Our HMS Peace Garden is open this evening. Stop by and see our club house or select an heirloom tomato or basil for your home garden. Donations support maintenance of our garden and community projects.

### *The 400's*

**401 - Mrs. Bruner** - Come to Mrs. Bruner's room to see what your 8<sup>th</sup> grader is reading and writing about in English class.

**402 - Mrs. Nordsten** - Writing, writing, and more writing!" Come to Mrs. Nordsten's class and see all that we've been doing in 8<sup>th</sup> grade English.

**404 - Mrs. Maines** -

**403 - Ms. McManus** - Stop by Room 403 to see creative posters and entertaining videos made by students on how to work with fractions. Our history students have been working on Egyptian art and will be proudly displaying their work. We'll also have available examples of typical assignments, assessments and other resources.

**406 - Ms. King** - Ms. King's class has a variety of Earth Day projects displayed. Come and see acrostics, mini books, and mini globes!

**407 - Fitness Lab** - Get ready to test your strength and endurance in our new fitness lab. Try your hand at our rowing, rope climbing and various other strength, flexibility and cardiovascular fitness machines. While there, you can also meet our great PE staff.

### *Other Points of Interest*

**Homeroom Doors** - Special Display- Homeroom Doors were decorated by students as part of a College Week activity. Students decorated their homeroom doors after researching an assigned college and exploring possible college matches to their career interests. Students will participate in a College Fair assembly on Friday where college presenters will talk about their programs as well as how middle school students can start preparing now for college.

**Hutto Lab - Mr. Hoang** - Different Various Programs students have been using throughout the year. iMovie, Thing-link, Google Docs, Google Slides, Chromecart Display, pad Cart display, random recordings of concerts on the big screen, Oars reports, etc.

**Library - Mrs. Ma** - We will have some project exhibits from Social Studies classes, display of books we're using for researching and new library books for the Open House.

# We hope you enjoy your evening!
